New Spoke Factory.

J. D. Williams, one of the original large stockholders of the Mutual Handle Company, has organized a company and will at once install in this city a spoke factory of considerable capacity. The site of the old Climax Stave plant will be used and work will begin at once. When put in operation, the new industry will employ about twenty hands and will be a valuable acquisition to the business interests of Clay City and the adjacent country, and it will be located here at an opportune time, just as the saw mill is lost. The spoke factory will employ in the plant more hands than the saw mill did and will give employment to a number of workers throughout the country in getting out and hauling to market the raw material. And again it will give sale to our farmers for their hickory timber which has heretofore been of no value to them.

Am prepared to do custom grinding every day during the week. Meal guaranteed to be first class. Bring your turn and give me a trial.

G. W. Anderson,
Clay City, Ky.

New Company Incorporated.

The Elkatawa Fuel Company was incorporated in this city yesterday with J. O. Patrick, of Stanton; Carl G. Holmes, of Columbus, O.; C. F. Brower, and F. G. Ott, of this city, as the incorporators. The capital stock of the company has been fixed at \$60,000, there being 600 shares of stock at \$100 a share.

The business of the company will be the purchasing or leasing of title to coal and oil lands, the boring for, sale and distribution of oil or gas, the mining and sale of coal, manufacture and sale of clay, cutting, sawing, and manufacture of lumber.

The shares of stock are divided as follows: Mr. Patrick 180; Mr. Ott, 180; Mr. Holmes, 180; and Mr. Brower, 60. Mr. Patrick is the owner of a valuable tract of land located near Stanton, Ky., on the Lexington & Eastern railroad.

This land is rich in a deposit of the best quality of clay, used for making Portland cement. On one portion of the land owned by Mr. Patrick, is a large limestone quarry which is also necessary in the making of Portland cement. He has been offered at different times between \$75,000 and \$100,000, but has decided to keep the land and develop it.

Mr. Holmes is an expert on cements, who was employed by Mr. Patrick to come to Stanton and look over the ground. After an analysis and test of the inherent quality of the clay and limestone has been made, Mr. Holmes pronounced the clay the best he had ever analyzed. All that was necessary was to get the capital to develop the land.—Lexington Herald.

Teachers' Examination.

The examination questions which were sold in Estill, Madison and many other counties of the State before the May examination, are found to have come from Louisville where they were printed. The penalty for selling these questions has all along been \$50.00, but a new law recently enacted by the Legislature, and which went into effect the first of this month, makes it a penitentiary offense to sell the questions. This is a good law and, undoubtedly, will prove a terror to the question peddler, and put a stop to the unscrupulous practice.

Some Valuable Cattle.

Smith Bros., of Union county, last week sold ninety-four head of prime Hereford steers on the Chicago market for \$6.20, which was 10 cents above any other sales for that day. The cattle were raised on their farm in Union county and averaged 1,884 pounds. The average price per head for these steers was \$116.80 and shows how abundantly proper care and attention is rewarded. This is the fourth time these gentlemen have received the top of the Chicago market for cattle.

It's stylish if it came from our new collection of modern millinery. Anything to please the most fastidious as well as the less exacting. Mrs. J. W. Williams.

Glass and Earthenware in great variety at greatly reduced prices. J. B. Eaton.

Concell Meeting.

The City Council met in regular session last night with four Councilmen and Mayor Daniel present. The regular routine of business was transacted until it came up to the selection of a teacher to succeed Miss Madge Wilson, who, not being notified of her election last month, accepted a position in the Irvine school, then a hitch came. There were two applicants, Prof. Shultz, of Ohio county, recommended by Prof. Cassidy, of Lexington, and Mrs. Louan Ware, of this county. There was a diversity of opinion and a sentiment of postponement, so motion to adjourn was quickly passed by tie vote. Another meeting will be held tonight for the election of the teacher.

A Gala Time.

Two men from up the line whose names we failed to learn, on the east bound afternoon passenger train Saturday, indulged in the sport of promiscuously firing pistols. Captain Bradshaw, who takes a pride in attending to such "jocks" had them arrested and tried for the offense at Stanton Monday. They had their fun between Lulbegrud and Argyle, but will have to pay for it at Stanton.

Prof. C. W. Campbell has been called to pastor the Christian church at Glades, Madison county, and preached there Sunday.

Dr. L. L. Lepage reports the birth of a son—a posthumous child to Mrs. W. H. Patrick, Wednesday, June 6.

Mrs. Nannie Wright, of Richmond, is visiting relatives in the city.

J. D. Williams, the spoke factory man, has moved into the Taylor property.

Dr. W. O. McIntire, dentist, will be in Clay City to practice his profession all the week, beginning June 25th. Any one needing dental work is invited to call and see him at A. E. Barnett & Son's store.

Just Received

A large assortment of superior Granite ware which we are selling at 10 cents straight. Many of these articles are worth 25 cents each. J. B. Eaton.

House for Rent.

Nice residence of seven rooms, in eastern portion of the city. Apply at this office.

ESTILL ITEMS.

[From the Herald.]

Walter Centers has purchased the farm of Wm. Wagers on Station Camp creek; price \$5,000.

A new telephone line is being constructed that will connect the depot, Estill Springs and Campbells livery stable.

Riddell and Friend is the style of a new law firm composed of Messrs. Hugh Riddell and Robt. R. Friend with which the lawyers at this and neighboring bars will have to contend. The combination will be a formidable proposition for the average run of lawyers.

The plant of the United States Timber Co. will start one day next week. The genial manager, Mr. Bryant, informs us that everything is in fine shape, with a fair stock of logs, and he expects a prosperous run of several months. The company intends to add new departments to the plant from time to time and another year or so will see a giant factory, giving employment to perhaps 100 men.

"It is rumored" that the town trustees are negotiating with the United States Timber Co. to furnish electric lights for the town. By the lesson of experience, we find that the gasoline street lights are impracticable. And it seems that the only hope for Irvine to ever have a satisfactory lighting system is to make a deal with some one having the necessary power to install a dynamo and equipments to supply the town with lights.

We have a lot of the best paint in the world which we will sell cheap. If you buy \$5.00 worth we will sell it to you at cost.

Littlepage & Son.

We are offering our customers a superb line of up-to-date millinery. Everything the latest and most fashionable to be had anywhere.

LOCAL BREVITIES.

Jas. F. Clark, of Levee, was here a short while last week.

Henry Forman, of Indian Fields, was here on business Monday.

W. R. Cassidy has been up the road this week on a business mission.

O. W. Barnett was looking after some lumber interests in Lexington Tuesday.

J. J. Conner, of Austerlitz, Bourbon county, visited friends in the county last week.

Attorney Chas. F. Spencer, of Winchester, was in the city on legal business Friday.

Drs. Lemming and Mansfield, two of Stanton's successful practitioners, were in the city Tuesday.

Teeth need doctoring? See the dentist, Dr. W. O. McIntire at Clay City all of the week beginning June 25.

Mr. and Mrs. Geo. P. Douglas, of Levee, were guests of relatives on Hadwick's creek the latter part of the week.

Mrs. Harvey Carr, who has been visiting relatives in Bracken county the past three weeks, returned home Monday.

Our Photographer John W. Henry is at his studio daily turning out some of those fine photographs he always makes.

Mrs. Williams has just received the most beautiful and noblest collection of millinery ever displayed in Powell county. Call and see.

The new rural route No. 1 Levee has been put in operation and the first week we placed seven subscribers along this route.

Large quantities of tanbark and railroad ties have been hauled into market this week on account of the ground being too wet to work in corn crops.

A very hard rain fell here Friday which put a short tide in the river and made the ground too wet to stir for four or five days. Crops are now very promising.

J. L. Martin, of Vinton, was in the city Tuesday on business. Mr. Martin is one of Powell's leading citizens, and is greatly interested in the upbuilding of the county.

Mrs. E. N. Wilson returned Friday from a two weeks visit to her daughter, Mrs. Vaughn at Newport, Ky. Mrs. Vaughn and son, Master Wilson, came home with Mrs. Wilson for a few days visit.

The blackberry crop is immense this year, and it is a pity that so many of them in this county must go to waste because we have no market for them, but we are going to get that canning factory after while.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BRIMMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Of the innumerable number of seventeen year locusts all over

the country, strange to say they are shy of towns. In Clay City they have never given evidence of their existence, but you can't get far from town until you hear them.

The Ladies' Home Mission Society of the Methodist Church will give an ice cream and strawberry supper at their church Friday night for the benefit of the church. Everybody invited to attend and render aid to the good cause.

Every means of highway conveyance must have been exhausted in Clay City Sunday, all going to the Sunday School Convention at Virden. There was a very large number present from all parts of the county, and the convention was a pronounced success.

Musical Entertainment.

There will be a grand entertainment given for the benefit of the Presbyterian church Friday night June 15. Both vocal and instrumental music is on the program and the entertainment will be an exposition of rare talent under the management of Miss Esther Margolen, of Paris.

Teachers' Examination.

We inadvertently failed to give report of teachers' examination at Stanton in our last issue. There were six successful applicants and four failures. All the applicants were young ladies except one—Ex-Supt. F. P. Trave. Prof. Campbell and Mrs. Russell constitute a splendid examining board, and the public may rest assured that their schools will not be imposed upon by teachers who have taken bogus examinations. Powell, it is believed, has been free from question peddlers this year.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by Swann-Day Lumber Co. Price 25c.

Origin of Flies.

Dr. J. N. McCormick states that the common house flies, which carry so many forms of disease, are bred only in horse manure, and that by mixing lime with the manure the eggs will be destroyed. This is a simple way to get rid of flies and is certainly worth trying. Flies travel for miles, are carried on stock, vehicles ect., but the breeding of them on one's own premises can be completely stopped, and their number greatly diminished. Try it. And screen your dining rooms and kitchens as a preventative of typhoid fever.

Death From Lockjaw

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Buch, of this place, of the ugly sore on his neck I ever saw." Cures Cuts, Wounds, Burns and Sores. 25c. at Swann-Day Lumber Co's store.

HENRY WATTERSON'S PAPER

The Weekly Courier-Journal

And

THE TIMES

Both one year for only

One Dollar.

Few people in the United States have not heard of the Courier-Journal. Democratic in all things, fair in all things, clean in all things, it is essentially a family paper. By a special arrangement we are enabled to offer the WEEKLY COURIER-JOURNAL one year and this paper for the price named above. Send your subscription for the combination to us—not to the Courier-Journal.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner one year both for \$1 10.
